Construction Chemical Solutions

Appointed Distributor
for PU Systems in the
GCC Countries

Al-Omair Factory was established in 1997, which originally specialized in recycling “SBR & EPDM”. ORF are now a manufacturer and distributor of “**Construction Chemical Solutions**”, which includes our accredited synthetic surfaces, for running tracks, gym’s, outdoor & indoor sports surfaces, play areas and sports courts . ORF portfolio also extends to waterproofing, landscape and decorative flooring solutions

ORF - Water Proofing Solutions

Elastocoat® - the most suitable system where water is present, to provide a tight waterproofing solution.

ORF - Landscape Solutions

Elastopave - A polyurethane for bonding aggregates or stones, providing a water-permeable and eco friendly system.

ORF - Manufacturing Solutions

ORF specialise in the manufacturing of PU, acrylic , epoxy and cementitious systems, as well as the EPDM, SBR & Cork.

ORF - Terrazzo Solutions

ORF Terrazzo is a seamless decorative flooring system combining durable pigmented epoxy resin with synthetic and natural aggregates, to produce a durable and highly decorative flooring system.

ORF - Granules Solutions

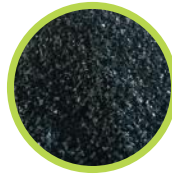

ORF specialize in manufacturing EPDM , SBR and CORK products for various safety flooring applications.
